

## Springtime - Greetings from Gayfield

Congratulations to the pupils, staff and parents of St Mary's Primary School: our Winter Garden for Gayfield blossomed last month under the watchful gaze of Kate Caven of [Kids Creative](#) and with the technical talents of [Soul Cycles](#).

The team at Edinburgh Student Arts Festival led a second year of innovative, accessible events including their visual arts programme centred throughout Gayfield Creative Spaces.

This year's [Hidden Door](#) festival returns to the Kings Stable Road courtyard. Hidden Door's own Jill Boualaxai presented work in our Bunker developed from design elements found on the courtyard site.

Opening this week with '[Everything Matters](#)', David Campbell presents a series of large scale works; the exhibition continues through March.

As spring emerges in Edinburgh and throughout the country, we are gearing up to celebrate Scotland's year of Innovation, Architecture and Design with local, national and visiting partners: more detail in our next bulletin.

Best wishes from [Gayfield Creative Spaces](#)
